

Experience the Difference with Aprios

EXCELLENCE STARTS WITH OUR PEOPLE, AND ENDS WITH OUR COMPREHENSIVE SERVICES.

We Understand the Product Lifecycle

We possess a comprehensive understanding of the product lifecycle and product development process. From initial concept through to final production, our services are geared towards helping our customers navigate the intricacies of each phase. This proficiency ensures that we can provide valuable insights and guidance, helping our clients streamline their processes and achieve their goals efficiently.

Our Core Services

DESIGN FOR MANUFACTURING

Optimize designs for cost-effective production, enhancing manufacturability and quality.

PROTOTYPING & TOOLING

Streamline your process from order to finished parts in under three weeks.

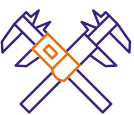

INJECTION MOLDING

Provide precision injection molding for high-quality components across various production scales.

ADDITIVE MANUFACTURING

Rapidly build components layer by layer, accelerating your journey from concept to market.

QUALITY MANAGEMENT

Ensure consistent product reliability through ISO-certified systems and thorough quality control processes.

SUPPLY CHAIN / LOGISTICS

Seamless supply chain management with efficient procurement and logistics solutions.

CLEAN ROOM / WHITE ROOM

State-of-the-art facilities for medical device prototyping, adhering to strict cleanliness standards.

SECONDARY OPERATIONS

Comprehensive finishing, assembly, packaging, and labeling services to complete your production needs.

Our Secret Sauce

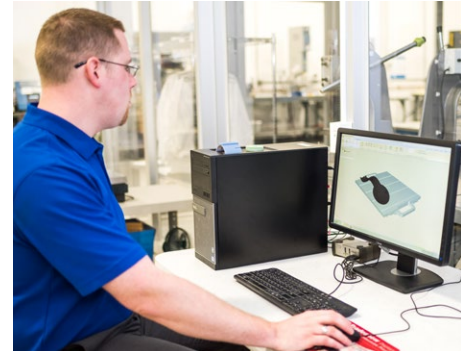

OUR PEOPLE

Aprios thrives on the expertise of our seasoned professionals in plastics injection molding and additive manufacturing, ensuring top-tier service through decades of collective experience.

EMPLOYEE OWNERSHIP

As an ESOP company, every employee at Aprios shares a stake in our success, fostering commitment and innovation that enhances customer service.

SMART AND HEART PHILOSOPHY

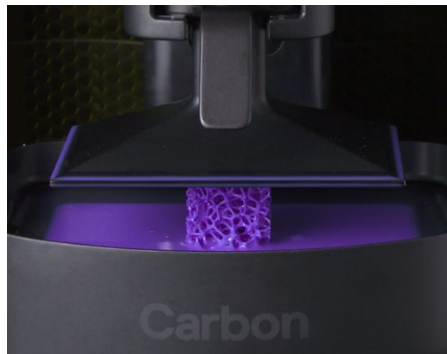

Aprios blends intelligent solutions with genuine care, executing projects with technical excellence and a deep commitment to client satisfaction.

Our Strengths

QUALITY AND COMMITMENT

At Aprios, we are unwavering in our dedication to quality and support. Our experienced team of employee-owners is committed to going the extra mile, ensuring that every project not only meets but exceeds industry standards.

INNOVATIVE SOLUTIONS

We believe in more than just making molds; we craft solutions that help innovators break the mold. Our approach is centered on understanding challenges and providing solutions that push the boundaries of what is possible.

INTEGRATED SERVICES

Our expertise and dedication translate into significant impacts across different sectors. Whether it's through medical prototyping, advanced manufacturing techniques, or lifecycle solutions, Aprios stands as a leader in the industry.
