

SUPPLY CHAIN

# More efficient outcomes, from project start to finished part

At Aprios, we provide end-to-end supply chain management solutions, helping you streamline production with global sourcing, domestic and offshore options, and full logistics support. We handle supplier selection, inventory management, and quality control to ensure timely deliveries and cost efficiency.

With our expertise, you can focus on growing your business while we manage the complexities of your supply chain.

## SUPPLY CHAIN SOLUTIONS

### Inventory Management

- Flexible shipping: on-demand or scheduled.
- Minimized storage costs and optimized production.
- Reliable, adaptive system for timely deliveries.

### Trusted Suppliers

- Sources components from trusted, vetted suppliers.
- Ensures quality, compliance, and sustainability.
- Guarantees reliable performance for your final product.

### Lot Tracking and Bar Coding

- Bar coding and lot tracking ensure traceability and quality control.
- Tracks products from production through to delivery for efficient management.
- Facilitates easy identification and swift recalls when necessary.

## SUPPLY CHAIN

# Your logistics partner, from start to finish

### HOW WE STREAMLINE YOUR SUPPLY CHAIN

- Offers both domestic and offshore tooling options.
- Flexible shipping methods with scheduled or on-demand deliveries.
- Supports inventory management with VMI (Vendor Managed Inventory) services.
- Facilitates supply chain continuity through forecasting and inventory planning.
- Maintains full traceability with lot tracking and barcoding systems.
- Ensures strict quality control with supplier audits and certifications.
